RAJA AMPAT

Raja Ampat is located off the northwest tip of Bird's Head Peninsula in West Papua and described as one of the most extraordinary environments on the planet.

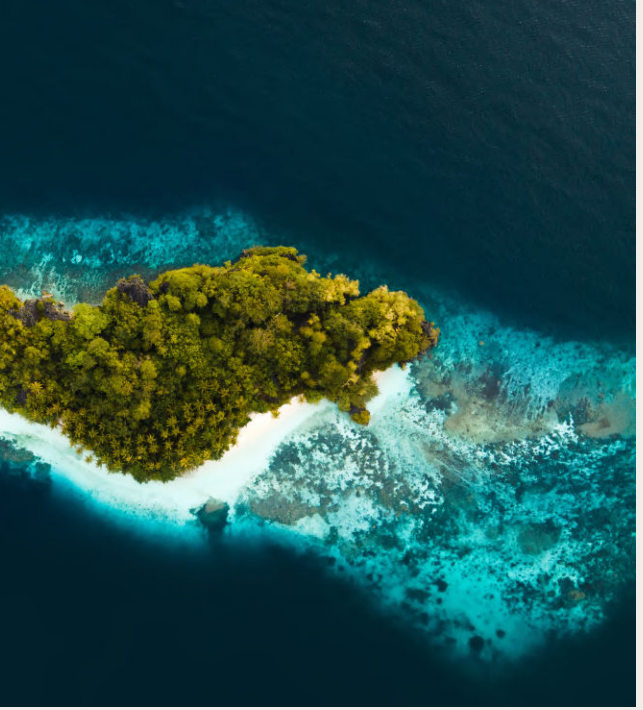

The main islands of Misool, Batanta, Waigeo and Salawati are surrounded by 1,500 islands with wild beaches and limestone cliffs plunging into aqua seas.

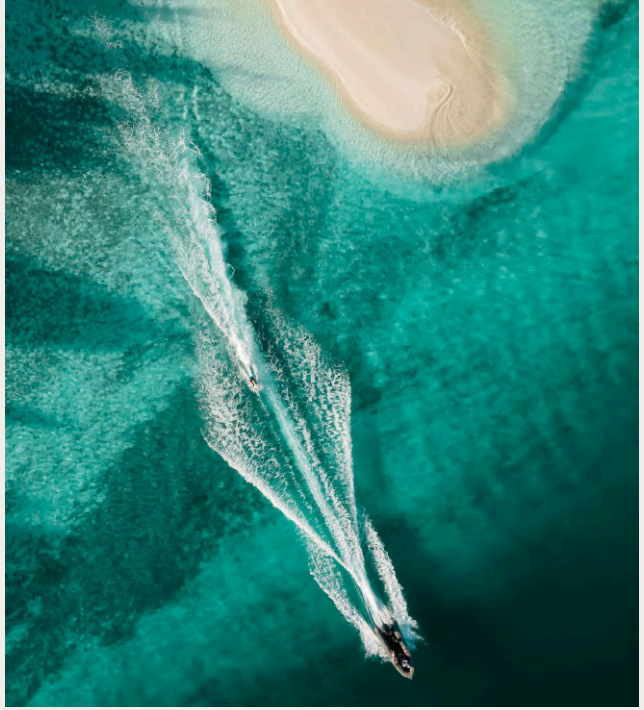

Raja Ampat comprises a total territory of 9.8 million acres over land and sea, and beneath the surface, it is recognised as the world's most bio-diverse marine ecosystem with over 1,200 species of fish, 550 species of coral, and six of the world's seven species of turtle.

Above water, the islands' cultural heritage is diverse, with prehistoric cave paintings and relics from bygone eras, while recent history is visible in cave bunkers and seabed wreckage from World War II. Intrepid visitors can trek through the jungle to seek out endemic birdlife, visit remote villages, explore sea turtle rookeries and pearl farms or discover mangroves by sea kayak.

DAY 1: SORONG & MIOSKON

You will be met at Sorong airport by the yacht's crew and transferred to the harbour, a 20-minute drive. Once you have settled in onboard, the yacht will begin the cruise to Mioskon, a spectacular island where you can snorkel or kayak on mirror still waters along the verdant coastline. Famed for its fish-life and coral slopes, the Kri Peninsula offers some of the most exquisite underwater vistas in Raja Ampat.

DAY 2: TAPOKRENG & KRI PENINSULA

Rise before dawn for the best chance of sighting the Birds of Paradise in Tapokreng. The red bird of paradise displays in the canopy of certain bare trees located on the peaks of the hills. On return, have breakfast onboard. We'll spend the day here in the Kri region with its various fantastic dive and snorkel sites. After an action-packed day, soak up the sunset with a cocktail and dinner onboard as the yacht cruises overnight to Misool.

DAY 3: DARAM, MISOOL

This morning, the yacht will reach the north-eastern extremity of the south east Misool zone and the underwater paradise that is Daram. There are enough locations to spend a full day in the water snorkelling here, on top of famous dive sites such as Warna Berwarna and the Candy Store. Once the day in the water is complete, we may have a chance to stop for an afternoon sundowner on the beach. We will move westwards towards overnight anchorage in Yilliet which also offers the opportunity for a night dive if anyone still wants more after an action-packed day!

DAY 4: BOO ISLANDS, MISOOL

Another day of exploring Misool's treasures, today is dedicated to paying homage to these incredible reefs with coral covered walls, swim throughs, gentle sea mounts, drift dives, vast hard-coral gardens, placid lagoons, and current-raked pinnacles. We'll start the day with an early morning dive at Magic Mountain. After lunch, there's Boo Windows and Whale Rock, both great for divers and snorkellers. Overnight the yacht will cruise to Penemu.

DAY 5: HEART LAKE & KALIG

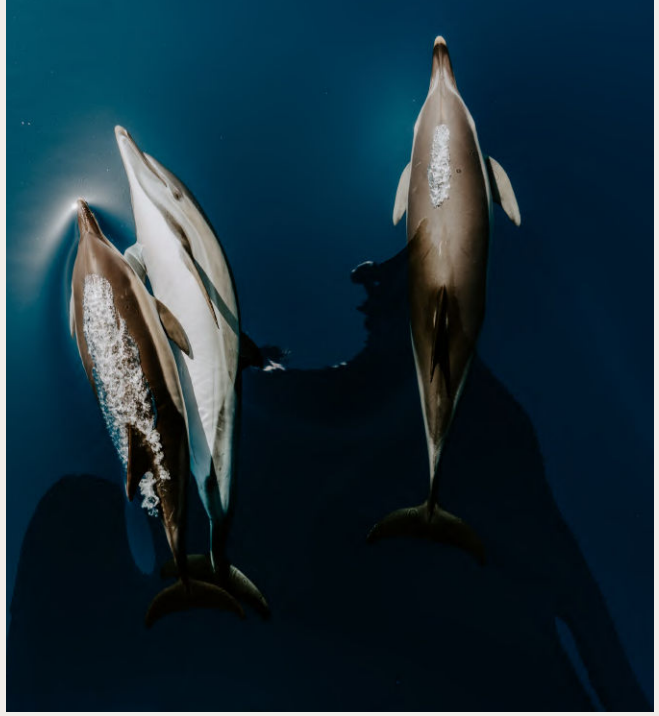

Take an early morning walk up the hill to a viewpoint overlooking the spectacular Heart Lake. After breakfast back onboard, we'll take advantage of our position just next to Neptune's and dive or snorkel among giant sea fans of all sizes and colours. After lunch onboard, the crew will arrange a beach set up at Kalig, where you can relax ashore for the rest of the day and make the most of this stunning deserted spot. Additional afternoon options could include some kayaking at Wayil Batan.

DAY 6: TOMOLOL

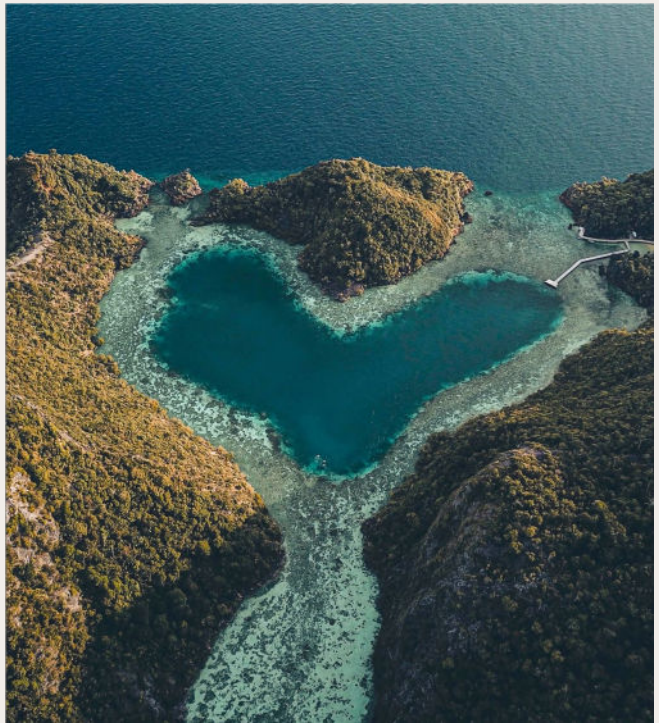

Rise early and hike to Puncak Harfat Jaya viewpoint before we continue to Tomolol. Above water, you can explore the ethereal "Gua Sacral" ancestral caves of Tomolol, a former burial site of indigenous Papuans. Swim through a cathedral-like cave coated in orchids and discover ancient petroglyphs edging the crystal blue surface. This wild labyrinth of turquoise lagoons is scattered with islands. Keep an eye out for nomadic fishermen on their hand-built rafts in the coves and bays.

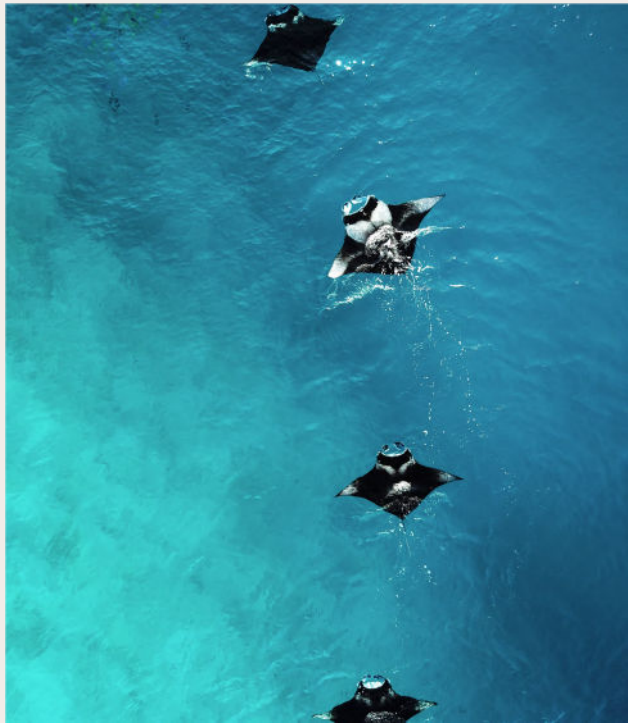

DAY 7: PENEMU

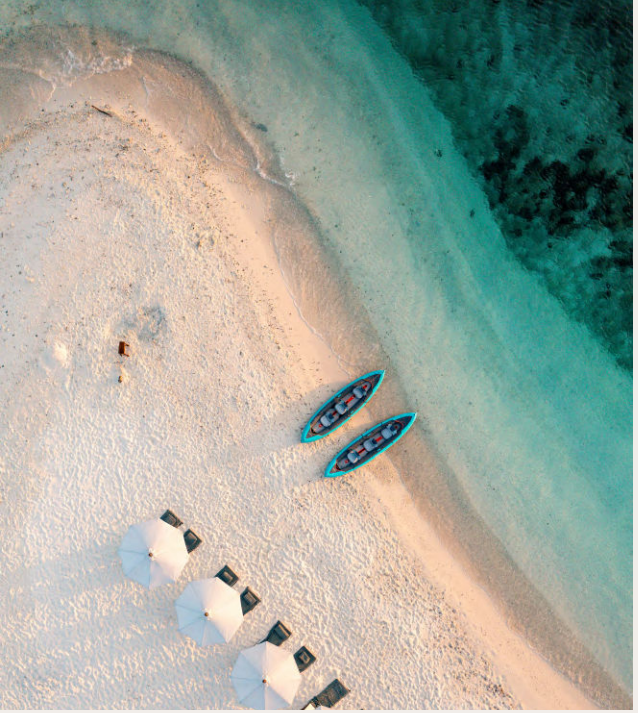

Today we can plan a hike up to the viewpoint in Penemu, and explore the cluster of rocky limestone domes. Draped with tiers of green vegetation, the islets encircle a shallow green bay and a walking trail along the rocky hills leads to a look out with magnificent views of the lagoon and the ocean beyond. There's Keuro Channel, Melissa's Garden and Batu Rufus for diving.

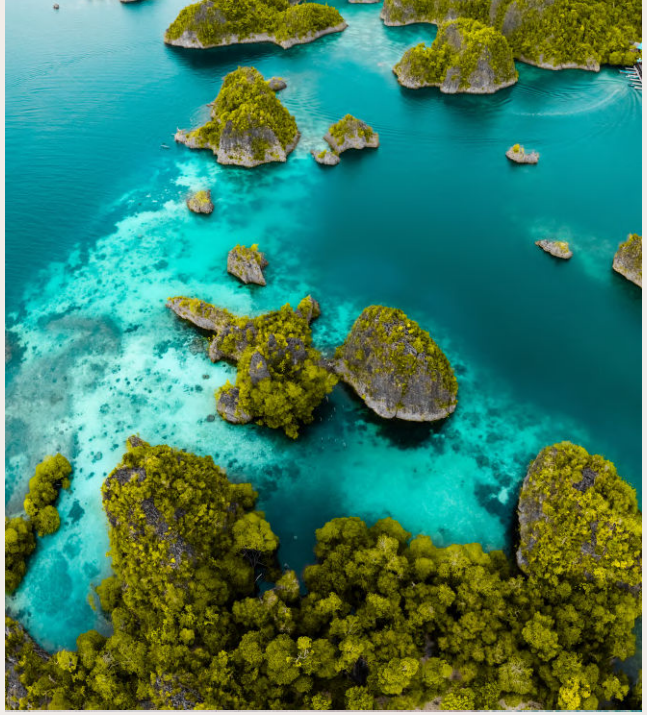

DAY 8: ALJUI & WOFO

This morning, pay a visit to the Atlas South Sea Pearl Farm in Aljul Bay. Surrounding their waterfront base is a netted area that can be seen from above where they grow their oysters. Learn the long and delicate process of cultivating pearls outs of oysters in this facility that produces high quality pearls for the international market. We'll continue to Wofo, a stunning deserted island with a gorgeous beach perfect for a day ashore.

DAY 9: WAYAG

Today, we'll arrive in Wayag. This interminable green island maze comprises the most visually stunning scene in Raja Ampat. A tropical paradise proves a magnificent backdrop for water sports while you explore hidden coves in the shadow of Wayag's sheer limestone peaks. You can climb the peak behind the anchorage for a panoramic view of the azure waterways through the rock formations, and finish the hike with a swim at the white sand beach below.

DAY 10: MANTA SANDY & ARBOREK

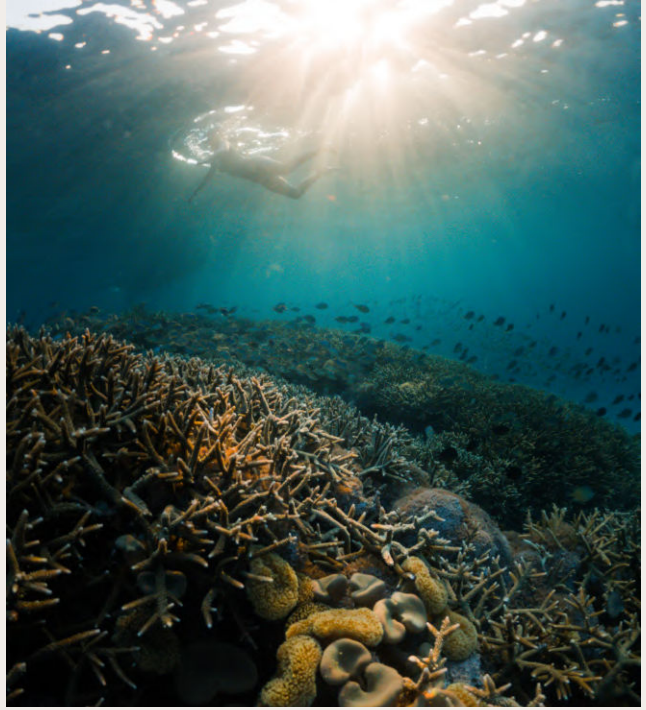

Early this morning, there'll be a chance to dive at Citrus Ridge. During breakfast we'll continue to the Arborek area where we will be looking to snorkel with the mantas at Manta Sandy. Head ashore to visit the village of Arborek for a taste of local life in Raja Ampat.

DAY 11: FRIWIN & KALIBIRU

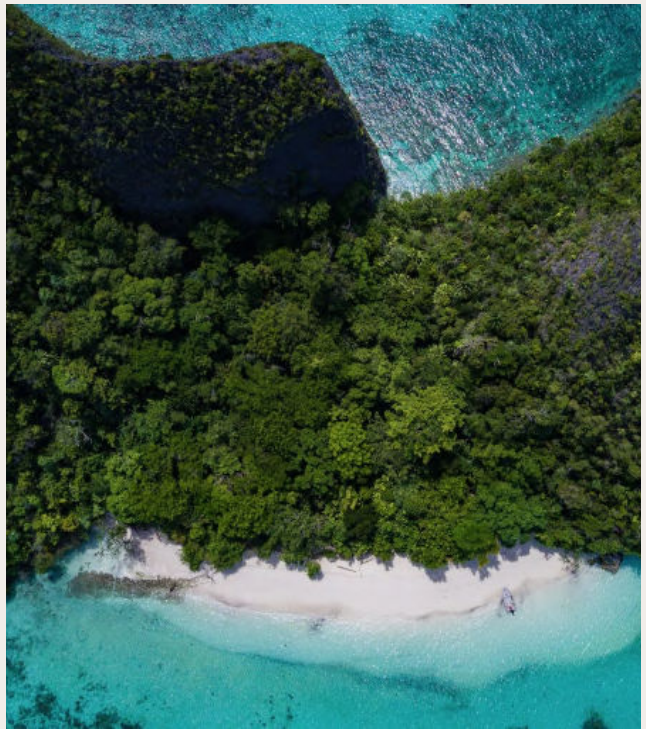

We will spend the morning around Friwin where you can dive at sites such as Blue Magic and Sardine Reef or snorkel at Friwinbonda before we head east to the Kaliburu region. Here, we'll hike to the Blue River – with its impossibly blue, crystal clear water, this is one of Indonesia's special hidden gems.

DAY 12: SORONG

After a final breakfast on deck, your crew will assist you in disembarking the yacht and transfer you back to the airport to catch your flight home.
